

CO Hultén Collection of african tribal art

Helsingborgs Auktionskammare Auctionet.com
Online auction September 15th 2019

My father, CO Hultén (1916-2015) Malmö, Sweden, was a well known artist, member of the group CoBrA and the group Imaginist in Sweden. Since 1947 he was also a passionate collector of African tribal art and travelled in the 1970th in Africa. With the recording and valuation of the collection I have been assisted by Anita Schröder. The online auction will start on Sunday September 15th with the remaining part of the collection which is for sale. The auction will offer about 200 items: masks, sculptures, fetishes, bronzes, adornments, books and textiles.
